

VELVET COLLAR

CHOKER / STAGE BONDAGE ELEMENTS / JIRAI-KEI

A five-member fictional K-pop concept built around black velvet, metal hardware, ribbon chokers, doll-like under-eye makeup, and controlled stage tension. Dark, cute, precise. Annoyingly effective.

CONCEPT DNA

sweet surface, controlled danger, stage-safe restraint

PALETTE

Black as the base, dusty rose as the emotional signal, silver hardware as the cold edge.

STYLING

Chokers lead every look. SM-inspired elements stay in fashion language: buckles, straps, rings, lace gloves, corset seams.

MAKEUP

Jirai-kei influence through doll eyes, soft under-eye blush, glossy lips, pale skin contrast, and a fragile-cute mood.

STAGE MOOD

Minimal set, hard spotlight, slow choreography accents, close camera cuts on collar hardware and eye makeup.

GROUP PROFILE

VELVET COLLAR is a fictional five-member K-pop group concept. The visual system uses choker details as the signature, SM-coded hardware as stage fashion, and jirai-kei softness to keep the mood pretty but unstable.
